"I Am" World Mission Outreach,

would like to say "thank you" dear friends and partners for your love, prayer and support for the work of the ministry in Africa. Because of your generosity, your prayers and your love for Yeshua, it is helping us to make a big difference in so many widows' lives.

Beatrice Appiah

If you remember from our November newsletter we told you of the story of Beatrice Appiah, who lost her business of chickens during the CoVid time. Because of your help, we were able to purchase some chicks for her and you can see that her chickens have really grown since then and soon will be laying eggs for her. *She is so happy thank you.*

Comfort Anane

Comfort was the 67 year old widow who was carrying water for the cement makers. Comfort is so happy that the Lord heard her prayers and Pastor Benjamin came to her and got her a place to live so she doesn't have to hide in places where she works. Can you imagine sleeping on the ground and with all you own just carry it with you from place to place and hide from the owner for the night. No longer will she have to do that.

Praise God for He is Good.

Psalms 118:15 "Turn thee unto me, and have mercy upon me; for I am desolate and afflicted."

Felicia Akane

Is the widow that ran away with her two children from northern Ghana so that her husband's relatives wouldn't take her 13 year old daughter from her and force her into marriage. Pastor Benjamin has given Felicia a job as a cleaner at the school. Also he got her a place to live, a bed and mattress and some food. She is so excited to get this new lease on life. What an awesome God we serve to answer prayers when a widow prays.

Beatrice Takyi

Beatrice is 61 years old and a widow. She a very strong and hard working person, but lately, she is always sick and has to go to the hospital often. Well, when Pastor Benjamin visited her at her house, he discovered she sleeps on the floor on torn pieces of cardboard paper. This is not good for her body and she has pain all the time. What a comfort it would be for her aching body to just provide a bed and mattress and some food.

Adwoa Mensima

Adwoa is a grandmother that is 67 years old. Her husband has died and besides fending for herself she also takes care of her orphaned grandson. She has no one to turn to so Pastor Benjamin is asking if "I Am" World Mission could help her get a place to live, a bed and mattress and some food. She would be so happy.

Ama Agyeiwaa

Ama is 41 years old and since her husband died two years ago she has been taking care of her children on her own. However she has been living on someone else's property and they have told her she has to vacate the land in one month. She is in need of a place to live and "I Am" World Mission would like to come to her aid. Thank you as we reach out for her.

Psalms 25:16 *"The Lord is my strength and my shield; my heart trusted in Him, and I am helped: therefore my heart greatly rejoiceth; and with my song will I praise him."*
