## Esi Ofori

Esi Ofori is a young poor widow of 37 years old with three children to care for. She had a growth at the base of her neck which caused her pain all the time. Being poor she couldn't have the surgery done and eventually it would close her throat off. She was really worried about it so Pastor Benjamin asked if "I AM"

WORLD MISSION could come to her aid.

The surgery was a great success and it was amazing how much of the mass was removed.

She is so happy now and very thankful for the funds to do the surgery and save her life.

2 Sam 22:31 *"As for God, His way is perfect; The word of the Lord is proven; He is a shield to all who trust in Him."*

## Beatrice Appiah

We wanted to show you the success of Beatrice's business after she lost everything with Covid.

The chickens are laying great now and she is self-sustaining. God is good.

## Beatrice Takyi

Beatrice is the 61 year old widow that in our last newsletter we told you of her sleeping on cardboards. This has given her many body pains and discomfort but now because of your help she has a bed and mattress and also some food for her to regain her strength back.

## Adwoa Mensma

Here you'll see the happy face of Adwoa who was so distraught last May, but now she has food and a bed and mattress to sleep on.

## Victoria Dogbe

Victoria is 67 years old and is a widow who has been sick for the past 7 years. She has two children, one of them is working and the other one is unemployed do to taking care of her. They have done a lot to help their mother but her condition to no avail has worsened and now she can only stand with the support of a walker. Life is now unbearable for her and the supply for food is limited, even with one of her children working. Therefore I want to plead for help for her from "I AM" WORLD MISSION. She will be glad if her request is granted thank you.

## Ramatu Hamidu

When people get themselves into the situation just like that of Ramatu, by losing one of her arms because of an accident, the very vital thing someone needs, is love and care from their partners. This was not what Ramatu got from her husband, but rather she had been abandoned and left to take care of their two children. She works very hard to take care of the children, even though she has a disability. Pastor Benjamin is pleading on their behalf to "I AM" WORLD MISSION to come to their aid.

Psalms 25:16 *"The Lord is my strength and my shield; my heart trusted in Him, and I am helped: therefore my heart greatly rejoiceth; and with my song will I praise him."*
